

THE COVID- & QUARANTINE- PROCESS IN

South Korea

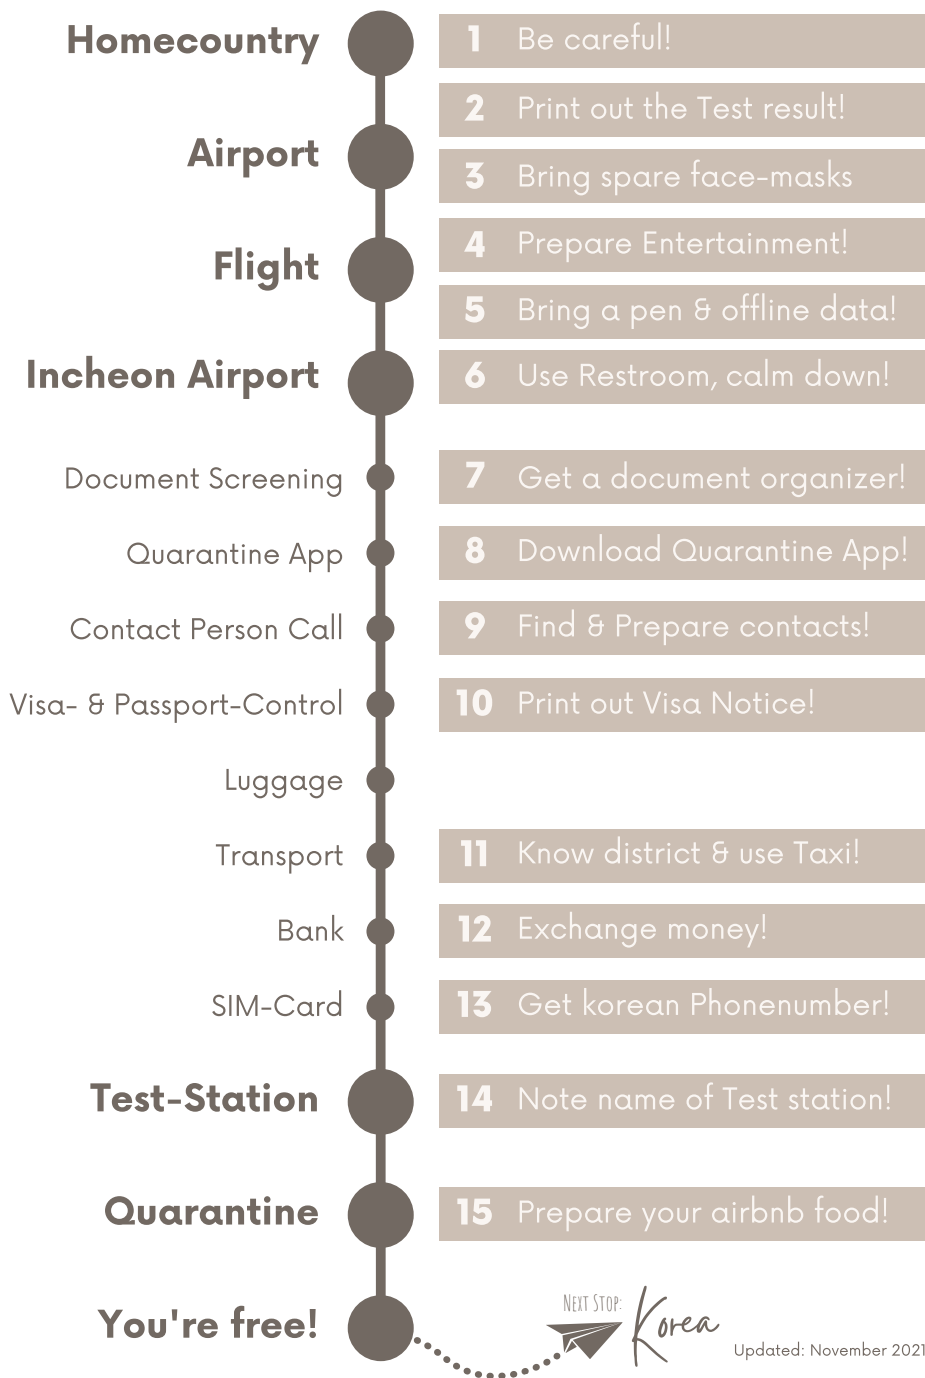

Prepare before

- RESEARCH THE CURRENT TRAVEL AND IMMIGRATION REGULATIONS
- APPLY FOR VISA / UNIVERSITY / QUARANTINE EXEMPTION / ...
- Book accommodation & Flight
- Ask friend/host if they can be your korean contact person & prepare food/drinks
- Order a korean phone number in advance
- Take screenshots of your korean address & contact data
- Download the Quarantine App for South Korea
- Print & Organize all documents (especially Test result & Visa Grant Notice)
- Download Spotify Playlists & Netflix Movies

Bring to the airport

- Passport
- Printed & Organized Documents:
 - Test-Result
 - Visa Grant Notice
 - SIM-Card-Confirmation
 - Address & Contact Data
 - University Confirmation
- Pen
- Face-Masks
- Entertainment:
 - Books
 - downloaded Music
 - downloaded Movies / Series
 - Games

1 Be careful!

The few days and weeks before leaving, you should be extra careful to not get infected.

2 Print out the Test result!

You have to show your test result quite often to the authorities, so print & bring it.

3 Bring spare face-masks

Bring more masks to exchange them regularly for a refreshing feeling & to stay safe.

4 Prepare Entertainment!

A long flight and quarantine can get really boring so download and prepare entertainment.

5 Bring a pen & offline data!

For the forms you have to fill out in the airplane you should have a pen and all necessary data.

6 Use Restroom, calm down!

Once you arrived things will get stressful, so calm down and prepare before waiting in line.

7 Get a document organizer!

You have to carry a lot at the airport, make sure to stay organized and keep everything.

8 Download Quarantine App!

You can download the app in every country in advance by searching for "Quarantine Korea".

9 Find & Prepare contacts!

Ask your friends in Korea or your Airbnb-Host if they would answer a call when you arrive.

10 Print out Visa Notice!

If you got your Visa Notice digitally, make sure to bring it printed to show the authorities.

11 Know district & use Taxi!

The Taxi was the best option for me. For that you should know the district of your place.

12 Exchange money!

It's good to have some emergency cash. So get some Korean Won at the airport.

13 Get Korean Phonenummer!

For many services you'll need a Korean phonenummer, get it before leaving the airport.

14 Note name of Test station!

Write down or screenshot the location or the name of the test station for emergencies.

15 Prepare your Airbnb food!

Ask a friend or your Airbnb host, if they can get you food & drinks. Trazy.com & Shuttle are offering food-/grocery delivery services for people without Korean credit card and in English.
